

Training on Key
Enabling Technologies
Educational Materials and
Online Courses

April 20, 2021

Morning Session 10:00-12:15 CEST
Evening Session 18:00-20:15 CEST

The **BRACKET** project has developed a vocational education and training (VET) e-learning course to address learning outcomes based on key enabling technologies (KETs).

BRACKET

**Virtual
Workshop**

Attendees will come away with knowledge and understanding about the need for training in **nanotechnology, biotechnology and advanced materials KETs** within Europe.

This event provides an opportunity to explore **BRACKET's VET e-course** and its five units:

- Introduction to KETs
- Nanotechnology
- Biotechnology
- Advanced Materials
- Innovations in KETs

REGISTRATION

Join the virtual workshop to expand your knowledge in key enabling technologies!
Register here until 19 April 2021 17.00.

The Zoom link will be emailed to registrants the day before the event. The virtual workshop will be in the English language.

ORGANIZER InnoRenew CoE

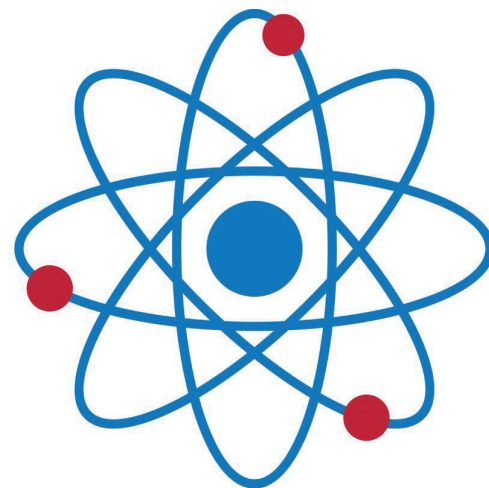

The work upon which this workshop is based was funded through an Erasmus+ grant, entitled "Boosting a novel and innovative tRAining appRoach of Key Enabling Technologies (BRACKET)", coordinated by Institut za razvoj i međunarodne odnose with InnoRenew CoE as a partner.
